

tract of land referred to as the Boyd Ranch in trust for the Jicarilla Nation. Rio Arriba's appeal for this determination is currently pending before the Interior Board of Indian Appeals.

In an effort to settle the road dispute, the Jicarilla Nation and Rio Arriba County entered into mediation. The parties successfully reached a settlement that was subsequently executed by the Jicarilla Nation on May 3, 2003, and Rio Arriba County on May 15, 2003. Representatives of the Secretary of the Interior approved the settlement on June 18, 2003. The settlement agreement, which would be implemented by this legislation, provided that the Jicarilla Nation would transfer approximately 70.5 acres of land located with the expanded 1988 Jicarilla reservation to Rio Arriba County. In exchange for the Jicarilla Nation's land conveyance, Rio Arriba County agreed to permanently abandon any and all claims to the disputed road. The settlement also provides that the terms of the agreement do not take effect until all parties complete their respective promises in the agreement and the United States, pursuant to federal law, approves of the conveyance of this particular Jicarilla trust land to Rio Arriba County.

Both parties and the Secretary of the Interior have fully performed the terms agreed to within the settlement agreement. All that stands between the parties to this dispute and long overdue resolution is Congressional approval. Consequently, the legislation will adjust the Jicarilla Reservation border in order to account for the transfer. At the same time, this legislation upholds Congress' trust responsibility to the Jicarilla Nation by placing restrictive covenants on the trust land transferred to the County. In other words, this legislation recognizes that the transferred land is immediately adjacent to the remainder of the Jicarilla Nation. As a result of the transferred land's proximity to the reservation, certain uses of the transferred land would have a detrimental effect on the remaining reservation. Therefore, this legislation allows the County to use the land only for governmental purposes but specifically prohibits the County from using the land for prisons, jails, or other facility for incarcerating persons.

Madam Speaker, I urge my colleagues to expedite passage of this legislation. Both the Nation and the County have waited years for this agreement to be implemented. Congress must now do their part to provide long overdue resolution.

**HONORING THE LIFE AND SERVICE
OF MAJOR HENRY SAN NICOLAS
OFECIAR, U.S. ARMY**

HON. MADELEINE Z. BORDALLO

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

Monday, September 10, 2007

Ms. BORDALLO. Madam Speaker, I rise today to pay grateful tribute to the life of MAJ Henry San Nicolas Ofeciar who recently made the ultimate sacrifice in Afghanistan for our Nation. MAJ Henry Ofeciar, 37, lost his life in the cause of freedom in Jalalabad, Afghanistan, as a result of an attack on August 27, 2007. The people of Guam suffer the loss of outstanding soldiers like Major Ofeciar with profound sadness. But it is Henry's loved ones and friends who bear the greatest burden and

for whom we send our messages of support and gratitude.

MAJ Henry Ofeciar graduated from John F. Kennedy High School in 1988. He joined the University of Guam Reserve Officers Training Corps, ROTC, where he excelled as a leader and as a soldier. Henry Ofeciar graduated from the University of Guam in 1993, and received his commission as a second lieutenant in the United States Army in 1994, beginning a distinguished career of service to our country. He earned a master of arts degree in business administration and public administration from Syracuse University in 2005, continuing his development as a professional soldier.

MAJ Henry Ofeciar was assigned to the 1st Brigade, 1st Infantry Division, Fort Riley, KS. Major Ofeciar, like the many sons of Guam who served before him and gave their lives in defense of our country, served with honor and distinction. He lost his life answering the call to duty of our Nation, fighting in Afghanistan in order to help make the United States more secure. For his sacrifice on our behalf, we will always be eternally grateful.

We offer our thoughts and prayers to Henry's wife Angali, who he married in January 2007. We offer our deepest sympathies to his parents, Agnes S.N. and Leonard Rillera of Talofoto, Guam, and Pedro and Lougene Ofeciar of El Paso, TX. We also extend our sympathies to his sisters and brothers, Orlene Ofeciar Arriola, Pete, Doreen, Chris, April, and Patrick San Nicolas Ofeciar. On behalf of a grateful country and the people of Guam, we share their loss and we offer our prayers for their comfort.

Henry Ofeciar had a favorite quote from the Greek philosopher Epictetus, which epitomizes his personal commitment to duty, "First say to yourself what you would be; and then do what you have to do." Today we honor MAJ Henry Ofeciar, a hero who did what he set out to do, and for whom we will be forever in his debt. His family, his people, and his fellow soldiers take pride in knowing that we will all remember him for many years for what he did for us. God bless MAJ Henry Ofeciar, God bless Guam, and God bless the United States of America.

**SUDDEN CARDIAC ARREST
AWARENESS DAY**

HON. DARRELL E. ISSA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, September 10, 2007

Mr. ISSA. Madam Speaker, today I rise to remember those who have died as a result of sudden cardiac arrest, and to introduce a House Resolution in support of the goals and ideals of Sudden Cardiac Arrest Awareness Day.

Sudden cardiac arrest, SCA, is a condition in which the heart suddenly and unexpectedly stops beating, causing blood to stop flowing to the brain and other vital organs. SCA usually causes death if not treated in minutes.

Annually, 250,000 to 450,000 Americans have sudden cardiac arrest, and 95 percent of these people die within minutes. But SCA does not have to take this many lives. Rapid treatment of SCA with a defibrillator, a device that sends an electrical shock to the heart, can be lifesaving. According to the Department of Health and Human Services' National Heart, Blood and Lung Institute, automated external defibrillators, AEDs, which are often found in public places like airports and office buildings, can be used to save the lives of people having SCAs.

On May 20, 2005, 14-year-old Travis Roy was at school in Murrieta, CA, when he suffered SCA. His school, like most schools, did

not have an AED, and tragically, Travis died because treatment could not be administered fast enough.

Since Travis's death, his family has campaigned to raise awareness of SCA and to get AEDs placed in schools. To date, several schools in the southern California area have implemented AED programs, including the Murrieta Valley Unified School District, Temecula Valley Unified School District, San Jacinto Unified School District and Point Loma Nazarene University in San Diego.

California has proclaimed September 12 as Sudden Cardiac Arrest Awareness Day, to honor those who died as a result of sudden cardiac arrest. Awareness about sudden cardiac arrest and ensuring defibrillators are available in schools and other public buildings can save lives. Raising awareness of sudden cardiac arrest is a task worthy of Congress's attention.

COMMENDING THE WORK OF SAMARITAN HOUSE ON ITS 20TH ANNIVERSARY

HON. JIM JORDAN

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Monday, September 10, 2007

Mr. JORDAN of Ohio. Madam Speaker, I take tremendous pride in recognizing the staff and volunteers of Samaritan House, a shelter for homeless and abused women in Lima, OH.

The seeds of Samaritan House were sown more than two decades ago, when Pastor Doneta Warren opened her home to an abused woman and her children. Word of this selfless Christian act spread quickly to others in need, who came to Pastor Warren to see if she might also have room for them. Recognizing that the area lacked a permanent place where those in abusive relationships could seek help, Pastor Warren worked with the Catholic Diocese of Toledo to found Samaritan House on the site of a former convent.

Since its founding, Samaritan House has assisted more than 10,000 women and children in times of need, providing food and shelter, job training services, recovery support programs, and other needed help. A staff of nine dedicated professionals works round the clock to provide this assistance, working with a 15-member board of directors to ensure that the House's mission and outreach activities are best carried out.

Madam Speaker, Samaritan House is marking its 20th anniversary with a fundraising dinner and silent auction this Wednesday. On behalf of the Fourth Congressional District of Ohio, I congratulate everyone who has worked and volunteered to make Samaritan House successful through the years. The people of Allen County and the entire region can take great pride in this life-changing facility.

With three individual winners of scholarships in addition to Chapter of the Year honors, obviously, Palm Beach County NULITES are fulfilling their promise. INTRODUCTION OF UNITED STATES COMMISSION ON AN OPEN SOCIETY WITH SECURITY ACT OF 2007

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

Monday, September 10, 2007

Ms. NORTON. Madam Speaker, today, I introduce the United States Commission on an Open Society and Security Act; expressing an idea I began working on when the first signs of the closing of parts of our open society appeared after the Oklahoma City bombing tragedy, well before 9/11. I introduce this bill on the sixth anniversary of 9/11 because the bill grows more urgent as increasing varieties of security throughout the country proliferate without any thought about their effect on common freedoms and ordinary access, and without any guidance from the government or elsewhere. The bill I introduce today would begin a systematic investigation that takes full account of the importance of maintaining our democratic traditions while responding adequately to the real and substantial threats terrorism poses.

To be useful in accomplishing its difficult mission, the Commission would be composed not only of military and security experts, but for the first time, they would be at the same table with experts from such fields as business, architecture, technology, law, city planning, art, engineering, philosophy, history, sociology, and psychology. To date, questions of security most often have been left almost exclusively to security and military experts. They
